STATE DOCUMENTS

PREFACE

The April-June 1988 Checklist of South Carolina State Publications is the last issue which will be published. The decision to cease publication of the Checklist was based on the fact that, following years of retrospective conversion, the library's entire state documents collection can now be searched through various computerized library networks. Bibliographic and subject access to the South Carolina State Documents Collection is now provided through the State Library's online public access catalog which is available to South Carolina libraries through the South Carolina Library Network. Those libraries outside South Carolina which are OCLC members have bibliographic access to the South Carolina State Documents Collection through the OCLC network. Given the rising costs associated with production and mailing of the Checklist and the fact that full access is now being provided by computerized networks, it was determined that the Checklist was no longer a necessary or economical means or providing information concerning South Carolina state documents.

The Checklist of South Carolina State Publications was issued annually by the South Carolina Department of Archives and History for fiscal years 1950/51 through 1966/67 and by the South Carolina State Library for fiscal years 1969/70 through 1981/82. Beginning with the first quarter of fiscal year 1982/83, the Checklist has been issued quarterly. Each quarterly issue has a cumulative index; the listing of publications does not cumulate. Publications listed are those received under authority of the State Documents Depository Act, Act 348 of 1982.

Materials are listed according to the classification system devised for South Carolina State publications, which is in general an alphabetical arrangement by key word in the issuing agency and in the publication title.

Beginning with the first computer-generated Checklist for July-September 1985, the index is arranged alphabetically with minor exceptions for punctuation and spacing unique to the computer program. Corporate authors are excluded if the publication is classified under that author. OCLC numbers have been included since the 1981/82 Checklist. SDC numbers are for internal use only and may be disregarded. Periodicals and uncataloged ephemera are in the 4th quarter Checklist only.

Most items are available on interlibrary loan from the South Carolina State Library or for use or loan in the ten affiliate depository libraries (see p. ii). Individual items desired for permanent retention should be requested from the issuing agency. Addresses of agencies are given in the text of the Checklist; division addresses are given if they differ from the parent agency's address. All addresses are for Columbia unless stated otherwise. The following General Assembly publications may be purchased from:
